

Regarding Avian Technologies material:

Avian B White Diffuse Reflective Coating

Avian Technologies is committed to providing products that are safe for the environment. In that regard, Avian Technologies takes note of the European Union RoHS directive (Directive 2002/95/EC), which prohibits the following substances in amounts above specified thresholds:

- Lead
- Cadmium
- Mercury
- Hexavalent chromium
- Polybrominated biphenyls (PBBs)
- Polybrominated diphenyl ethers (PBDEs)

Avian Technologies is able to advise that the product listed above is in compliance with these RoHS regulations. To the best of our knowledge, this product does not contain any of the listed compounds in a concentration exceeding the thresholds as advised in the standard. We confirm that if any change to the status of the above occurs, then we will immediately notify Flux Data.

This claim is based solely on Material Safety Data Sheet (MSDS) or other chemical composition data provided from suppliers of raw materials. Avian Technologies accepts no responsibility for incomplete or inaccurate data provided by vendors. Avian Technologies accepts no duty to notify users about changes to the stated claim. Avian Technologies is not liable for any damages, direct or indirect, consequential or otherwise, that the reader might incur as a result of ignoring this warning, or that any third party might suffer as a result of the reader's ignoring this warning.
