RE: REACH Compliance

Spectrum Part WU2K-1045, WU2K-501, and WU@K-B75, Avian White Coating, Avian Black Coating, A and B, does not contain any of the substances listed on the REACH Candidate List of Substances of Very High Concern.

Although the majority of ingredients that make up this coating are REACH registered by the companies who manufacture them, please take note that you would have to use a metric ton of any one of the individual ingredients to be out of compliance with the REACH directive.

Sincerely,

A handwritten signature in black ink that reads 'Earl T. Faria Jr.'.
